Bachlore in Computer Science
Engineering

**Sree Vidyanikethan
Engineering College**

2018-2022

+2 Science Major

D.A.V

2016-2018

SKILLS

HTML,CSS

Java Script, jQuery

Python, Flask. Django

Problem Solving

SQL

Version Control (Git & GitHub)

React js, Next js

PHP

PROFILE

I am highly obsessed developer with a compulsion to get results and solve problems. My major strength lies in making interactive and responsive UI that revolves around new and modern technologies and platforms. I also posses good knowledge on working of React.js and Next.js with many important and useful packages. Although my expertise lies in front-end, I also have good knowledge in backend development as I have done some mini projects in PHP and Django and have much familiarity with python .
